Thank you for your support.

On June 25, Preservation Pennsylvania called for our members to take action on the proposal to redirect preservation and conservation funding to balance the General Fund budget. Your calls to the General Assembly helped to eliminate the proposal and preserve PA's Growing Greener II and the Keystone Recreation, Park and Conservation Fund. Thank you. Preserve (and own) the Mead Avenue Bridge

PennDOT and the Crawford County Commissioners are seeking an interested party to acquire the National Register-eligible Mead Avenue Bridge.

The Mead Avenue Bridge has the unique distinction of being a bridge within a bridge: a 1912 Baltimore truss (outside) welded to an 1871 Double Whipple truss (inside). The County will transfer ownership of this bridge to any party who can
